

# New York State school districts and BOCES

## Take driver management to a new level with DriverManager® 3.1g

Now, there's no reason for any school district employee with an invalid driver license to operate a vehicle on official business. And no supervisor will ever need to say, "I didn't know."

DriverManager 3.1g from License Monitor raises the bar for managing driver risk. It gives you the accountability the public expects, reduces claims, improves driver performance and demonstrates fiscal responsibility.

*"License Monitor gives us the information we need and delivers it to us the way we want—and does it all instantly. A recent spot audit took only a few minutes. Thanks to License Monitor our driver records were complete and available instantly."*

– Bill Popkave, Transportation Supervisor, Rockland BOCES, NY

### Major DriverManager 3.1g benefits

- DriverManager 3.1g is web-based and completely encrypted so you can access driver data anytime and anywhere there's an Internet connection.
- 24/7 interface with the New York State DMV. No waiting for data to be sent to you. The License Monitor system actually goes out and retrieves the information you need.
- You receive DriverAlerts<sup>sm</sup> by email on all DMV driver license changes. You get all changes fast, giving you time to take corrective action:
  - accidents
  - accident prevention courses
  - fingerprinting
  - convictions
  - suspensions/pending suspensions
  - expirations
  - revocations/pending revocations
  - other states' surrenders
  - DWIs/DWAs
  - name/address changes
  - license class changes
  - CDL changes
  - S19-A status changes
  - hazmat endorsements
  - reciprocity
  - license restriction and renewal changes
  - fraudulent activity
- Exclusive AuditLog<sup>sm</sup> system. Since all your data is instantly accessible, you're always ready to comply with federal and state regulations.

*"License Monitor is reliable, fast, easy to use and understand. It gives you a heads up when there's been a change and it makes 19-A reporting easy."*

– Rochelle O'Mara, Supervisor of Transportation, Croton-Harmon School District, NY

Transporting children safely is one of the primary responsibilities of New York State school districts and BOCES. By using License Monitor, you can be confident that any driver who gets behind the wheel of a school bus is properly licensed, endorsed and in compliance.

Any way you look at it, License Monitor is a cost-effective investment that improves safety, increases productivity, frees up funds and personnel for other needs, and helps avoid negative publicity.

### New York State – Government Pricing

New York State OGS contract #PS61131  
For details, go to [www.ogs.state.ny.us](http://www.ogs.state.ny.us).

*"We want to be absolutely sure all drivers transporting our children are in compliance any time they get behind the wheel. License Monitor helps give us that assurance."*

– Debbie Hardy, Routing Supervisor, Bedford Central School District, NY
